Dr. Raub Will Be Acting Associate Director of NIH

Dr. William F. Raub has been selected by Dr. Donald S. Fredrickson, NIH Director, to serve as Acting Associate Director for Extramural Research and Training, NIH. Dr. Raub will assume the position on May 15.

He will serve as principal assistant and advisor to Dr. Fredrickson on all matters relating to NIH extramural research and training grant and awards activities and research facilities programs.

In his new post, Dr. Raub will participate with Institute and Division Directors in the development of policies and plans for implementing their extramural programs, and will evaluate and keep Dr. Fredrickson informed on their progress.

He will serve as chairman of the NIH Executive Committee for Extramural Affairs.

Since 1975 Dr. Raub has been associate director for Extramural

Dr. Raub's recent publications have been concerned with computer systems designed to promote predictive science in pharmacology and drug research.

and Collaborative Programs of the National Eye Institute.

He came to NEI from the Division of Research Resources, where

He had been a health science administrator, chief of the Special Resources Branch, and later chief of the Biotechnology Resources Branch.

Dr. Raub came to NIH in 1966 as a health science administrator in the Special Research Resources Branch, Division of Research Facilities and Resources.

After receiving his B.A. degree from Wilkes College, he attended the University of Pennsylvania, receiving a Ph.D. degree in physiology.

During his undergraduate and postgraduate years, Dr. Raub received numerous fellowships, scholarships, and awards for outstanding achievement and leadership qualities.

He has continued to be the recipient of awards at NIH—an NIH Superior Work Performance Award, 1967; an NIH Superior Service Honor Award, 1972; and a Meritorious Award for Exemplary Achievement in Public Administration, William A. Jump Memorial Foundation, 1976.
